

KIOSC STEM Decathlon

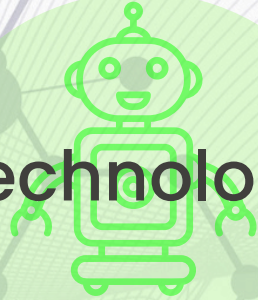

Science

Potion Precipitation

Test your science skills as you battle for analytical precision in a series of challenges.

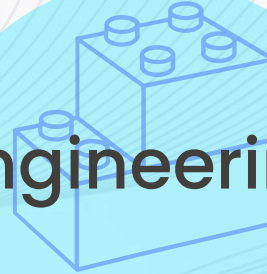

Technology

Lost in Space

Solve complex technology problems by applying logic and mathematical skills.

Engineering

Trick or Treat

Design and engineer your artefacts to complete a series civil engineering and mechanical engineering challenges

Mathematics

Theta Theme Park

Solve the mathematical challenges to find the combination to open the lock box.

Teams and mini-teams will compete in a series of 10 STEM events throughout the day. Students participating will complete challenges in science, coding, engineering and maths with a final team challenge - STEM Quiz.

Championship prizes awarded to individual students and the winning school!
